

First Grade Superintendent Student of the Month: Grady G.

It is a pleasure to select Grady G. as the first grade Superintendent Student of the Month. He is a safe, responsible, respectful and kind student. He works hard, puts his best effort into his work and always has a positive attitude. Grady gets along with everyone he interacts with and is someone who every student enjoys working with. When I shared with the class who the Superintendent Student of the month was, I saw nothing but smiles and excitement from his classmates. Grady's peers describe him as someone who is caring, responsible, talented, friendly, calm, funny, supportive, athletic, a good sport, and a good listener. Many of them also said he is a role model and I could not agree more. We are so lucky to have him in our classroom and at Spring Glen. Congratulations Grady!
