

Obtaining Parental Consent

In Hamden, parental (or eligible student) consent is obtained prior to an initial evaluation and reevaluation (with the exception noted below), an initial provision of special education services, and a private placement. Consent for initial evaluation is not construed as consent for initial provision of special education services.

Parents (or eligible students) may not object to the inclusion in an initial evaluation or reevaluation of the following:

- review of existing data, or
- testing or other evaluation that is administered to all students, unless, before administering that test or evaluation, consent is required of parents of all students.

Parental (or eligible student) consent for reevaluation need not be obtained if the District can document that the District has taken reasonable measures to obtain the consent and the parent (or eligible student) has failed to respond. In these situations the District would have some documentation indicating the following activities:

- detailed records of telephone calls made or attempted and the results of these calls;
- copies of correspondence sent to the parents (or eligible student) and any responses received; and
- detailed records of visits made to the parent's (or eligible student's) home or place of employment and the results of those visits.
