

Dex personifies what it means to be a great student and a great human being. Pick a positive character trait - Respectful. Helpful. Humble. Reliable. Kind. Conscientious - he has them all in spades.

Dex spends part of his mornings helping in the media center. Despite that, he still completes all of his morning work on time and with excellent effort.

The fifth grade teachers can put him in any group and on any team and he will work hard and collaboratively. Recently he worked on a

group project in math building something to show his understanding of volume. Although he worked hard and did his fair share of the work, when the group presented he pointed out the efforts of other students in his group as readily as he pointed out his own.

He is a great student and we are so lucky to have him in fifth grade at Spring Glen.
