New Entrant Definition:

*New entrants are any students who are new to the school district, including all preschoolers and all students coming in from Connecticut private, parochial and charter schools located in the same or another community. **All pre-schoolers, as well as all students entering kindergarten**, including those repeating kindergarten, and those moving from any public or private pre-school program, even in the same school district, **are considered new entrants**. The one exception is students returning from private approved special education placements—they are not considered new entrants.
