

Hamden Hero- Nurse Laurie Quigley

Laurie Quigley is our dedicated nurse here at Spring Glen School. She began her career in Hamden in 2001 at Helen Street School. Since then she has worked at Hamden High, Steps and Reach, Helen Street, and St. Rita's. Her long history of dedication to the Hamden school system and the children here has truly made her our Hamden Hero. Our school has over 420 students and she sees over 40 of them each day. She has a wonderful caring and compassionate side to her that we all appreciate so much. Throughout the pandemic she was forced to make many phone calls to families even on nights, holidays and weekends. She stayed calm and patient throughout the pandemic and helped us do the same. Nurse Quigley exemplifies the very best in the profession of nursing. We congratulate her for her selfless acts of compassion and her strong relationships with our students, staff, and families.
