

How do I log into my Google Account?

Username: LastNameFirstInitial##@hamden.org

*## is the last two digits of student's **high school graduation year**:*

8th graders: 24 ~ 7th graders: 25

Example: 8th grader William Smith's username is:
smithw24@hamden.org

Password: 8-digit student identification number

(Typically, this student identification number begins with 9000.)

Complete student identification numbers can be found in PowerSchool under "Class Schedule")

Frequently Asked Questions

Q: I am entering my username and password, and I still cannot log in. What am I doing wrong?

A: Be sure to add **@hamden.org** at the end of your username.

This is something that students did NOT have to do when logging in from their school-issued Chromebooks, but WILL have to do every time when using a personal device.

Q: Can parents/guardians join a student's Google Classroom using their personal email accounts?

A: No. For security purposes, only people with Hamden Public School accounts (i.e. accounts ending in **@hamden.org**) can join a Google Classroom.

If you are interested in receiving alerts regarding upcoming assignments, ask your child's teacher about the "Invite Guardian" option.
